Oil and Gas

Rental Deficiency

Lease Subject to Automatic Termination

You have furnished a deficient rental payment for the Federal oil and gas lease identified below:

<u>Serial No.</u>	<u>Anniversary Date</u>	<u>Rental Required</u>	<u>Rental Received</u>	<u>Balance Due</u>
-------------------	-------------------------	------------------------	------------------------	--------------------

Title 43 CFR 3108.2-1 provides that if a rental payment is received on or before its anniversary date but (1) the amount of the payment is deficient and the deficiency is nominal, or (2) the amount of payment was determined in accordance with an erroneous rental or acreage figure stated in a bill or decision, the lease shall not have automatically terminated unless the lessee fails to pay the deficiency within 15 days from receipt of a Deficiency Notice or until the anniversary date, whichever is later, to submit the full balance due.

Your rental payment was more than nominally deficient but has been received before the anniversary date. In addition, the lease records show that this deficiency was not the result of an erroneously issued bill or decision. Accordingly, if the balance due is not received by the Minerals Management Service on or before the anniversary date, (Date), the lease will automatically terminate. To pay the balance due, make your check payable to the Department of the Interior-MMS, indicate the lease serial number on the check, and mail the check to the following address:

Mineral Management Service
Royalty Management Program
Box 5640
Denver, Colorado 80217
